<p><b>Field/Lab Technician</b>            Cultural Resource Analysts, Inc.            August 2009 – August 2013</p> <p><b>Archaeological Field Supervisor</b>            August 2013 – present</p> <p><b>Historic Materials Specialist</b>            2017–present</p>		<p><b>Field/Lab Technician</b>            Indiana State Museum, Young Hoosier Conservation Corps,            New Harmony, Indiana            June 2009 – September 2009</p>	
<p><b>Aaron Harth</b> currently serves as an Archeological Field Supervisor at CRA. He has been exclusively employed by CRA, Inc., since he was an intern in 2009. He has participated in numerous Phase I reconnaissance, Phase II NRHP eligibility testing, and Phase III data recovery projects and has gained experience in a variety of skills related to CRM archaeology. He has participated in Phase I survey in Indiana, Illinois, Kentucky, Missouri, Ohio, Louisiana, Michigan, and West Virginia. He has also worked on Phase II and III excavations in Indiana, Illinois, Kentucky, and West Virginia. He has assisted in the documentation of prehistoric and historic sites, ranging from a Middle Woodland village site in West Virginia, to a historic urban neighborhood in Jeffersonville, Indiana. In addition to conducting archaeological fieldwork and preparing technical reports (see Representative CRM Publications below), Mr. Harth’s responsibilities also include archival research and field documentation of architectural resources.</p>			

**Project Experience:****Representative Phase III Experience:**

- Field Technician, Data Recovery at Site 15Oh296 (mid-nineteenth through twentieth century farmstead) Ohio County, Kentucky. Fall 2014.
- Field Technician, Data Recovery at Site 12CI762 (The Prison South Site) Clark County, Indiana. Spring 2013.
- Field Technician, Data Recovery and Lab Work at Site 46MR155, Marshall County, West Virginia. June and July, 2011.
- Field Technician, Data Recovery, and Lab Work, for Site 12T059. A multicomponent historic and prehistoric; prominent early historic Native American and French contact period site. In Prophetstown State Park, Tippecanoe, Indiana. Spring 2015.

**Representative Phase II Experience**

- Field Technician, Phase II National Register Evaluation of Site 12Ti254, a multicomponent site consisting of a mid-to-late nineteenth century rural residence and a prehistoric site with a Terminal Late-Archaic component. Tipton County, Indiana. Spring 2015.
- Field Technician, Phase II National Register Evaluation of Site 12Vg345, a prehistoric site with Early Archaic and Late Woodland/Mississippian components. Vanderburgh County, Indiana. Fall, 2014.
- Field Technician, Phase II National Register Evaluation of Site 12CI993. A historic site that consisted of three residential lots dating from the late nineteenth through the mid-twentieth century. Clark County, Indiana. Summer 2013.
- Field Technician, Phase II National Register Evaluation of Sites 15Oh304 and 15Oh310. Two historic farmstead sites in Ohio County, Kentucky. Spring 2013.

**Representative Phase I Experience**

- Archaeological Field Supervisor, phase Ia archaeological reconnaissance for the Ohio Valley Fertilizer Plant, Spencer County, Indiana. A survey that investigated 265 acres and documented 26 previously unrecorded archaeological sites. Summer 2014.
- Archaeological Field Supervisor, phase I archaeological survey for the expansion of the Hopkinsville-Christian County, Airport, Christian County, Kentucky. A survey that investigated 77 acres and documented 12 previously unrecorded sites. Spring 2015.
- Field Technician, phase Ia archaeological reconnaissance for the Eagle Valley Gas Pipeline, Morgan and Johnson Counties, Indiana. A phase Ia survey that investigated 13 miles of proposed pipeline corridor and documented 29 archaeological sites. Summer 2015.
- Field Technician, phase I archaeological survey for USDA Forest Service in the Kisatchie National Forest, Rapides Parish, Louisiana. A survey that investigated approximately 1,200 acres and documented 44 previously unrecorded archaeological sites. Spring 2016.
