Experience Summary Information		
Field Technician	Archaeological Field School	Archaeological Field School
Cultural Resource Analysts, Inc. November 2022 - present	Tin City, Evansville, Indiana, September – November 2017	Jezreel Expedition, Jezreel, Israel, May-June 2018

Ms. Hylka is a full time field technician at Cultural Resource Analysts, Inc. She participated in a phase II excavation in her field school at a housing site for WWII veterans and their families on the University of Evansville campus in Evansville, Indiana. She also participated in a phase III excavation in an additional field school of the Bronze Age settlement of Tel Jezreel in Jezreel, Israel. At CRA, Ms. Hylka has worked on phase I surveys that included shovel testing, auger probing, pedestrian survey, and soil profiling. She has also worked on one phase II excavation with CRA that consisted of trench monitoring, wall profiling, total station data collecting, and test unit excavating. Millie has also worked in the CRA laboratory cleaning, sorting, and inking artifacts.

Projects:

- Field Technician, Phase I Archaeological Survey for Mountain Parkway 10-169 & 12-1 in Floyd and Magoffin Counties, Kentucky
- Field Technician, Phase I Archaeological Survey for the Olio Road Added Travel Lanes in Hamilton County, Indiana
- Field Technician, Phase I Archaeological Survey for Stites Stream Restoration in Boone County, Kentucky
- Field Technician, Phase II Archaeological Excavation for 15Ru162 Deep Testing in Russell County, Kentucky

Additional Experience in:

- General Artifact Cleaning, Sorting, and Cataloging
- General Phase I Survey Methods such as Shovel Testing, Auger Probing, and Soil Profiling
General Phase II Excavation Methods such as Munsell Soil Classification
