Andrew P. Bradbury, MA	Principal Investigator, Lithic Specialist	
Availability: Immediate Email: apbradbury@crai-ky.com RPA Registration ID: 11753	Specific Duties: <ul style="list-style-type: none"> Supervise fieldwork Lithic Analysis Report Preparation 	Education and Training: <ul style="list-style-type: none"> M.A., anthropology/archeology, University of Tennessee, Knoxville, Tennessee B.A., anthropology/archeology, University of Tennessee, Knoxville, Tennessee
Experience Summary Information		
Principal Investigator Cultural Resource Analysts, Inc. 1994 – present	Lithic Analyst 1984 – present	Field Director Transportation Center at the University of Tennessee 1989 – 1994
<p>Mr. Bradbury is one of a team of full-time survey and excavation personnel. His duties encompass all aspects of seeing these projects through to completion. These responsibilities include proposal and research design writing, the initial fieldwork, laboratory analysis, and final report preparation. Fieldwork has included the excavation of historic and prehistoric burials. He also serves as principal investigator on various projects. Since 1981, Mr. Bradbury has participated in field research in Delaware, Indiana, Missouri, Kentucky, Pennsylvania, Tennessee, Louisiana, North Carolina, New Jersey, Illinois, Virginia, West Virginia and Crete. Mr. Bradbury's specialty is in prehistoric archaeology. He regularly presents papers at regional and national conferences and has over 60 refereed publications in various professional journals and books. Mr. Bradbury's specialized skills include lithic analysis, low magnification micro-wear analysis, quantitative analyses (including spatial analysis methods), and computer programming.</p> <p>Experience:</p> <ul style="list-style-type: none"> Supervised or participated in over eighteen phase III archaeological investigations Served as lithic analyst and co-author on numerous phase II and III contract publications Completed analysis and report on a Woodland age rockshelter and Early Archaic age open site in Cumberland County, Kentucky Lithic analysis for 46Ka223, 46Ka350 and 46Ka352 associated with the Marmet Project. Lithic analysis for phases II and III excavation conducted for Argosy Lawrenceburg Casino Project Lithic analysis for phase III excavations conducted at the Hart Site, Lawrence County, Kentucky. Supervised more than 40 phase II National Register evaluations and numerous phase I inventories. <p>Recent Projects:</p> <ul style="list-style-type: none"> Principal Investigator for data recovery at site 11MG423 in Morgan County, Illinois. Principal Investigator of a multi-year project in Lewis and Clark Counties, Missouri. Fifty-five sites were tested/mitigated during the project. Principal Investigator for data recovery excavations at 15HI58, Harlan County, Kentucky. Phase II archaeological testing of sites 15Lo16 and 15Lo207, Logan County, Kentucky. 		

- Phase II archaeological testing of sites 40Sw346, 40Sw347, 40Sw357 and 15Ch524 at the Fort Campbell Military Installation, Christian County Kentucky and Stewart County, Tennessee.
- Phase III archaeological investigations at 15Cu27 and 15Cu31, Cumberland County, Kentucky
- A 5000 acre archaeological survey of portions of Training Areas 31,32, 33, 34 and 40 within the Fort Campbell Military Installation, Christian County, Kentucky and Stewart County, Tennessee
- A National Register evaluation of twelve sites in Adair, Cumberland and Metcalfe Counties, Kentucky.
- Phase II excavations at 40Ch162 in Cheatham County, Tennessee.
- Phase III excavations at 40Ho12, 40Ho13 and 40Ho15 in Houston County, Tennessee.

Selected Publications:

- 2023 Integrating Faunal and Lithic Data Using an Organization of Technology Model. (With Philip J. Carr) In *North American Zooarchaeology: Reflections on History and Continuity*, pp. edited by Dennison, Meagan E., Jennifer L. Green, and Samantha N. Upton. The University of Tennessee Press, Knoxville, Tennessee.
- 2021 Benton Phase biface production for exchange: analysis of a lithic reduction area at site 40HO13, *Southeastern Archaeology*, DOI: 10.1080/0734578X.2021.1907725
- 2017 Late Middle Archaic Settlement Systems in West-Central Illinois. *North American Archaeologist*, 38(1):24-62.

- 1998 Paleo-Indian and Archaic Settlement at Kentucky Lake (with Jonathan P. Kerr). *Tennessee Anthropologist* 23:1-20.
- 1997 The Bow and Arrow in the Eastern Woodlands: Evidence for an Archaic Origin. *North American Archaeologist* 18(3): 207-234.
- 1997 The Mississippian Occupation of the Pitts Site (40HO12) Houston County, Tennessee. *Tennessee Anthropological Association Newsletter* 22(1):1-11.
- 1996 An Early Holocene Occupation on the Harpeth River, Cheatham County, Tennessee (with Henry S. McKelway). *Tennessee Anthropologist* 21(1):1-30.
- 1995 Flake Typologies and Alternative Approaches: An Experimental Assessment (with Philip J. Carr). *Lithic Technology* 20(2):100-116.
- 1992 Excavations at the Pitts and Lockarts Chapel Sites and Description of the Wells Creek Phase. *Tennessee Anthropological Association Newsletter* 17(3):1-13.

Additional Training:

- Section 106, NEPA & 4 (f) Workshop, 2000
- "Section 106, NEPA and 4(f) in the New Regulatory Environment: A Workshop for Consultants and their Clients"(Dr. Lynne Sebastian, instructor)
- ArcView GIS (24 hrs); MicroStation (24 hrs); Adult CPR, First Aid and Bloodborne Pathogen;
- OSHA Competent Person: Excavation, Trenching and Shoring (8 hrs)
- OHS&A, 10 Hour Course
