<p><b>Sarah J. Reynolds, M.H.P.</b> Ms. Reynolds received her master’s degree in Historic Preservation in 2010. Ms. Reynolds has many years of experience as an architectural historian, field supervisor, and principal investigator. Her responsibilities at CRA include researching and documenting historic properties by conducting archival research and field surveys, evaluating the significance of historic properties, and preparing written reports that provide summary findings and recommendations for various types of cultural historic projects. Ms. Reynolds has experience surveying various types of projects for Section 106 compliance including highway improvement/reconstruction projects, electric transmission corridors, United States Army Corps of Engineers jurisdictional boundary projects, and cellular telecommunication towers. She also has experience evaluating the potential effects such projects have on sites listed in or determined eligible for listing in the National Register of Historic Places (NRHP). Ms. Reynolds has the training to conduct professional archival research on historic properties and to compile written reports synthesizing various types of information. In addition, Ms. Reynolds has experience completing NRHP nominations, historic context reports, creative mitigation, and Section 110 documentation. During her year at TVA, Ms. Reynolds identified, evaluated, and assessed potential effects to historic architectural resources owned or leased by TVA and resources located within TVA’s power service and watershed areas. She also prepared and reviewed documents in support of Section 106 and Section 110 compliance; drafted Memorandum of Agreement documents; and prepared input for National Environmental Policy Act documents. While working for the Lexington-Fayette Urban County Government, Ms. Reynolds completed Section 106 reviews of all proposed projects within the county that utilized federal money or permits. She also composed historic contexts and developed content for interpretive sign installations.</p> <p><b><u>Additional Training:</u></b></p> <ul style="list-style-type: none"> <li>• <b>Bloodborne Pathogens Training</b>, 2019</li> <li>• <b>Adult First Aid, CPR, and AED Training</b>, 2019</li> <li>• <b>Architectural History at the University of Virginia: Richard Guy Wilson and Our Community of Scholars</b>, Symposium Sponsored by the Department of Architectural History at the University of</li> </ul>
