Experience Summary Information		
<p>Principal Investigator</p> <p>Cultural Resource Analysts, Inc. 2002 – present</p>	<p>Bioarchaeology Specialist</p> <p>1995 – present</p>	<p>Field Supervisor</p> <p>Cultural Resource Analysts, Inc. 1999 – 2002</p>

Ms. Bybee is one of a team of full-time principal investigators and field supervisors on staff at Cultural Resource Analysts, Inc. Her duties encompass all aspects of seeing these projects through to completion, including initial fieldwork, laboratory analysis, and final report preparation. Since 1990, Ms. Bybee has participated in field and laboratory research throughout the Southeast and Midwest, having experience in both historic and prehistoric archaeology. Ms. Bybee's specialized skills include excavation and analysis of prehistoric and historic mortuary sites and components. She has served as principal investigator for Cultural Resource Analysts, Inc., for the past 21 years, directing surveys, National Register evaluations, and mitigation projects. She has authored and co-authored over 200 technical reports.

Phase III Experience Includes:

- Ms. Bybee served as project archaeologist for the phase III investigations of the: Bennett Cemetery (15Oh176) in Ohio County, Kentucky; Bowling Cemetery (11Wh265) in White County, Illinois; Gee-Cabbage Cemetery (12W595) in Warrick County, Indiana; and the Booker Cemetery (12Su962), Boyle Cemetery (12Su960), Carrico Cemetery (12Su964), Douthitt Cemetery (12Su825), Ferree Cemetery (12Su739), Osborn Cemetery (12Su959), and Smith Cemetery (12Su740) in Sullivan County, Indiana. She supervised the excavation of historic graves, conducted the analysis of the recovered skeletal and cultural materials, and was author or lead author of the technical reports. The projects were conducted for various coal companies.
- Ms. Bybee served as project archaeologist for the phase III investigations of the Evansville State Hospital Cemetery (12Vg598) in Vanderburgh County, Indiana, and the Stewart-Emery Cemetery (12Cl1068) in Clark County, Indiana. She supervised the excavation of historic graves, conducted the analysis of the recovered skeletal and cultural materials, and was author of the technical reports. The projects were conducted for the Indiana Department of Transportation.
- Ms. Bybee served as the project archaeologist for the phase III investigations of Late Archaic period habitation-related and mortuary features at Site 12FI73 in Floyd County, Indiana. She supervised the recovery and documentation of the ancestral remains, and she will co-author the associated technical report. The project was conducted for the Indiana Department of Transportation.
- Ms. Bybee served as project archaeologist for the relocation of the Wilson Cemetery in Boone County, Kentucky, the Morgan Cemetery in Nicholas County, Kentucky, and the Lampley Cemetery in Williamson County, Tennessee. She supervised the excavation of historic graves,

conducted limited analysis of the recovered skeletal and cultural materials, and was author of the letter reports. The projects were conducted for various agencies and private companies.

- Ms. Bybee served as project bioarchaeologist for the phase III investigations of several American Indian sites in Clark and Lewis Counties, Missouri. She recovered ancestral remains from mortuary features, analyzed the recovered ancestral remains, and was a contributing author for the technical reports. The project was conducted for the Missouri Department of Transportation.
- Ms. Bybee served as project archaeologist for the phase III investigation of the cemetery at 15Mm137 and the Rudy Cemetery (15Jf641) in Montgomery and Jefferson Counties, Kentucky. She supervised the excavation of historic graves, conducted the analysis of the recovered skeletal and cultural materials, and was lead author of the technical reports. The projects were conducted for the Kentucky Transportation Cabinet.
- Ms. Bybee served as project archaeologist for the phase III investigations of the Burning Spring Branch Cemetery (46Ka142), Reynolds Cemetery (46Ka349), and Evans Cemetery (46Md62) in Kanawha and McDowell Counties, West Virginia, and the Alderson-Jackson Cemetery (15Js142) and the Ward Hall Cemetery (15Sc192) in Jessamine and Scott Counties, Kentucky. She supervised the excavation of historic graves, conducted the analysis of the recovered skeletal and cultural materials, and authored the technical reports. The projects were conducted for the United States Army Corps of Engineers.
- Ms. Bybee served as project archaeologist for the phase III investigations of Late Prehistoric ancestral remains at the Burning Spring Branch Site (46Ka142) in Kanawha County, West Virginia. She supervised the recovery of Late Prehistoric mortuary features and was a contributing author for the technical report. The project was conducted for the United States Army Corps of Engineers.

Phase II Experience Includes:

- Ms. Bybee served as project archaeologist for the National Register evaluation of: the Old Branham Cemetery (15Fd94) and Mosely Cemetery (15Fd101) in Floyd County, Kentucky; the Calvin Cemetery (15Bd85) in Boyd County, Kentucky; the Samuel Robinson Cemetery (15Pi190) and Upper Prater Cemetery (15i191) in Pike County, Kentucky; the Morgan Cemetery (15Ni90) in Nicholas County, Kentucky; the Power and Arnold Cemetery (15Lw219) in Lewis County, Kentucky; and an unnamed cemetery (15Cp61) in Campbell County, Kentucky. She supervised the excavation of historic graves and analyzed the recovered skeletal and cultural materials. She authored the technical reports. The projects were conducted for the Kentucky Transportation Cabinet.
- Ms. Bybee served as project archaeologist for the phase II evaluation of several American Indian multi-component sites, including 15Mn361 in Marion County, Kentucky, 15Es111 in Estill County, Kentucky, and 15Jf720 in Jefferson County, Kentucky, among others. She supervised the excavations and authored the technical reports. These projects were conducted for the Kentucky Transportation Cabinet, the City of Irvine, Kentucky, and other agencies and private companies.
- Ms. Bybee served as field technician for the phase II evaluations of prehistoric and historic sites across the Commonwealth of Kentucky. The projects were conducted for the Kentucky Transportation Cabinet.
- Ms. Bybee served as field technician for the National Register evaluations of historic logging camps and American Indian archaeological sites in the Chequamegon National Forest, Wisconsin.

Bioarchaeological and Biological Anthropological Experience Includes:

- Excavation and analysis of over 1,500 graves from historic cemeteries in Indiana, Illinois, Kentucky, North Carolina, Tennessee, and West Virginia. Author and lead author of associated technical reports.
- Recovery and documentation of ancestral remains from four American Indian archaeological sites in Clark and Lewis Counties, Missouri. Contributing author for the technical reports.
- Documentation of ancestral remains from several American Indian archaeological sites across the Commonwealth of Kentucky. Contributing author for the technical reports.
- Recovery and documentation of Late Prehistoric mortuary features at the Burning Spring Branch site (46Ka142) in Kanawha County, West Virginia. Contributing author for the technical report.
- Forensic survey, excavation, and analysis related to contemporary crime scenes in Kent and Ottawa Counties, Michigan (1995 and 1997).

- Documentation and trace element analysis of ancestral remains from the Knobloch site ossuary component, Allegan County, Michigan. Documentation of ancestral remains attributes from other Late Woodland sites in the region to establish cultural affiliation (1995-1997)

Affiliations:

- Member of the Register of Professional Archaeologists
- Member of the Society for American Archaeology
- Member of the Kentucky Organization of Professional Archaeologists (Secretary/Treasurer, 2005–present)

Additional Training:

- Mortuary Archaeology Workshop (presenter, 2004, sponsored by the University of Tennessee)
- Cemetery Workshop (presenter, 2004, sponsored by the Kentucky Heritage Council)
- Historic Cemeteries Workshop (presenter, 2003, sponsored by the Council for West Virginia Archeology)
- Geoarchaeology Workshop (2000, sponsored by the Council for West Virginia Archeology)
- Section 106 in the New Millennium (1999, instructed by Dr. Thomas King)
- Section 106, NEPA & 4(f) in the New Regulatory Environment (2005, instructed by Dr. Lynne Sebastian)
- Occupational CPR, First Aid, and Blood borne Pathogen Training (yearly)
- OSHA Health and Safety Compliance Training
