Sam Pomier began employment as an Architectural Historian for Cultural Resource Analysts, Inc.’s Richmond office in March 2026. As an architectural historian, Sam’s responsibilities include researching and documenting historic properties by conducting archival research and field surveys, evaluating the significance of historic properties, and preparing written reports that provide summary findings and recommendations for various types of cultural historic projects.

Prior to her employment with CRA, Sam worked as an architectural historian conducting Phase I & II surveys, visual effects analyses, and National Register of Historic Places evaluations on a variety of projects ranging from highway corridor improvements, historic bridge replacements, farmsteads, and cemeteries. While in college, she worked as a researcher for the George Washington Papers and served as an intern in the Washington Library at Mount Vernon. She completed her graduate education at the University of Cambridge and her thesis was selected for presentation at the Cambridge Interdisciplinary Forum for Postgraduate Studies.

**Additional Training:**

- HAZWOPER Certification with merit from Certus. February 2026.
- Autodesk AutoCAD User Certification from Civil Training LLC. January 2025
