Experience Summary Information			
Field Technician Cultural Resource Analysts, Inc. November 2022 - present	Archaeological Field School Tin City, Evansville, Indiana, September – November 2017	Archaeological Field School Jezreel Expedition, Jezreel, Israel, May-June 2018	
<p>Ms. Hylka is a full time field technician at Cultural Resource Analysts, Inc. She participated in a phase II excavation in her field school at a housing site for WWII veterans and their families on the University of Evansville campus in Evansville, Indiana. She also participated in a phase III excavation in an additional field school of the Bronze Age settlement of Tel Jezreel in Jezreel, Israel. At CRA, Ms. Hylka has worked on phase I surveys that included shovel testing, auger probing, pedestrian survey, and soil profiling. She has also worked on one phase II excavation with CRA that consisted of trench monitoring, wall profiling, total station data collecting, and test unit excavating. Millie has also worked in the CRA laboratory cleaning, sorting, and inking artifacts.</p>
