Experience Summary Information			
<b>Architectural Historian</b> Cultural Resource Analysts, Inc. March 2019–present	<b>Preservation Specialist</b> Blue Grass Trust for Historic Preservation, 2017–2019	<b>Manager of Preservation Initiatives</b> Preservation Society of Charleston 2013–2017	
<p>Mr. Condo came to CRA in March 2019 with over five years of experience in preservation advocacy, education, and community relations. As an architectural historian at CRA, Tim’s responsibilities include researching and documenting historic properties by conducting archival research and field surveys, evaluating the significance of historic properties, and preparing written reports that provide summary findings and recommendations. His project work also includes context development, development of interpretive products, Section 106 consultation, and preservation planning.</p> <p>Tim Condo holds a Master of Historic Preservation degree from the University of Kentucky. While at UK, his coursework included historic preservation law, principles, and planning, cultural landscapes, historical structural systems and building materials, building and landscape documentation, American architectural history, and urban planning. His research investigated heritage education practices and the use of local historic resources in the curricula of primary and secondary schools in Marion County, Kentucky. In addition to his projects at CRA, in 2019 he authored a successful National Register of Historic Places nomination for the site of a former girls’ camp, Trail’s End, in Fayette County, Kentucky.</p>
